

## MANY FLORIDA BOYS WITH THE MEXICAN FLEET

NUMBER OF THOSE WHO ARE TO BE ON THE SEVERAL VESSELS AS ARE MADE KNOWN FROM THE RECORDS.

Jacksonville, Fla., April 26.—Naval records show that several of the officers now on duty on Uncle Sam's ships in Mexican waters today are from Jacksonville and other Florida cities. At least seven of the officers who are teaching Huerta how to salute the American flag are Floridians. They are:

Hutch Ingham Cone, commander of the dreadnaught Utah, born April 26, 1871, appointed to the academy September 6, 1890. Brother of Fred Cone, of Lake City.

William Dilworth Puleston, commanding the Drayton, born September 1, 1881. Appointed to naval academy September 6, 1898. Brother of Charles G. Puleston, a former member of Co. D, N. G. F.

William Merrill Corry, Jr., ensign, on duty on the Kansas, born October 5, 1889. Appointed to naval academy June 20, 1906.

Francis Arthur Laroche, ensign, on duty on the Prairie, born November 18, 1887. Appointed to naval academy June 20, 1906.

Ellis Mark Zacharias, ensign, on the battleship Virginia, born January 1, 1890. Appointed to naval academy May 9, 1908. Brother of Zacharias boys of Jacksonville. He visited here a short time ago.

Joseph Young Treisontok, an ensign on the Wyoming, born July 8, 1889. Appointed to naval academy July 2, 1904.

Fletcher Now Absolute Ruler Ashore; Orders be Strict

The United States and are taxing accommodations. Wireless reports no disturbances on coast towns. There is great interest here over the mediation plans. Communication sent to Maus asking permission to operate trains from the south that the Mexicans may have an opportunity to return and the Americans isolated be got out.

**NO MORE QUIBLING.**

Admiral Fletcher and his staff determined there should be no more quibbling with the form of government and until further notice the residents of this port will live and be judged by military law.

Word has gone forth that disorder and unreason in any form shall receive swift and severe punishment. The city was quiet last night and if there was even a single snore in action the fact was not reported to the division headquarters. American officials named to date to assist in the supervision of the municipal government are Commander H. O. Stickney, of the Prairie, Captain of the Port; Fleet Surgeon T. W. Sprattling, sanitary inspector; Commander D. P. Sellers of the Arkansas, provost marshal; Commander John M. Luby of the South Carolina, director of the post office.

Roberto Diaz, mayor of Vera Cruz has agreed to re-open his office and it has been arranged that the public schools shall be reopened tomorrow. Efforts of Rear Admiral Fletcher, supplemented by those of the British commander, Rear Admiral Sir Christopher Craddock, and the French and German consuls and private citizens to bring about the departure from the interior of all foreigners who wish to leave, are being continued energetically but the hope of getting out more than a small part of those left is diminishing hourly.

Sir Christopher Craddock, through Sir Lionel Carden, who has resulted to the charge of the British embassy at the capital is urging President Huerta to permit the departure of all foreigners from Mexico City and it is considered possible one or two more trains at least will be permitted to pass through. No intimation has been received that Huerta proposes to release the Americans some of them women and children held at Cordoba, Orizaba, Pachuca, Aguas, Calientes and other places.

The consulate is receiving upwards of 100 telegrams a day through the state department from individuals asking for information of American residents. Consul Canada has created a special bureau to make such investigations and to answer telegrams.

### FEDERAL TROOPS WILL GO TO COLORADO COAL MINES

Washington, April 26.—President conferred at the White House with Representative Foster, chairman of the mining committee, and Representatives Taylor and Keating, of Colorado, regarding the coal strike situation in Colorado. Governor Ammon's telegraphic request to the president for federal troops considered.

The president will probably send federal troops to Colorado tomorrow and aid in composing the serious strike situation in the coal fields. Colorado congressman after the White House conference said late tonight they expected troops to be ordered out in the morning.

### BILL REPORTED WHICH AMENDS THE DAM LAWS

Washington, April 26.—The house interstate commerce committee has reported a bill amending the dam laws with a view to encourage private capital for power generation purposes. The measure prohibits acquisition of dam tracts by combinations or so-called trusts and requires prior approval by the war department of all plans and specifications. It also provides in the event state authorities fail to satisfactorily regulate power rates, charges and practices, federal authority shall be assumed by the secretary of war.

### MINE IS DYNAMITED.

Danver, April 26.—It was reported tonight by former Governor Peabody who is in the Fremont strike zone that strikers had dynamited the property of the Chandler mine, near Canon City and seven are reported killed. An appeal to the governor from the Fremont sheriff for help, resulted in orders to send two hundred militia to Canon City.

## REFUGEES ARE HURRYING FROM DANGER ZONE

Practically Every American in Northern Mexico Is Now Looked Upon as a Refugee, and are Rushing to Safe Points.

BY ASSOCIATED PRESS.

El Paso, Tex., April 26.—With the arrival here yesterday of 97 American men, women and children, refugees from Madera, and 12 picked up by the train at Chihuahua, Americans who have been leaving the country since the Tampico incident, are now practically all out of the state of Chihuahua.

The remnant in the city of Chihuahua, with the exception of a few who are determined to remain to the last, will leave tomorrow on the regular train.

At Naco, Douglas and Nogales on the Arizona-Mexican border they are arriving by the hundreds every day and the state of Sonora, save in isolated ranches and camps not yet reached by warnings, is now practically denuded of them.

After four years of revolution practically every American in Northern Mexico is now a refugee and property worth many millions of dollars in mines, ranches, factories and other industries has been left behind.

Many of these industries have remained in operation partially at least, through every difficulty and discouragement of robbery, taxation and even

personal danger of employee, but almost the last of those Americans who built and maintained them, has been driven out by the developments of the affair at Tampico.

The 1st, 2nd and 4th of May are Boys' Days at Watson, Parker & Reese Company. Everything to Wear.

Memorial Services For the Confederate Dead Are Conducted

(Continued From First Page.)

Confederate dead at St. Michael's and St. John's were all decorated in the Confederate colors, and wreaths of grey moss, the decoration of the graves at St. Michael's being under the direction of Mrs. C. Thiesen, and at St. John's under the direction of Mrs. Oliver Semmes. At the National cemetery the graves of Confederate soldiers were also marked with the wreaths.

Refugees Tell of Insults to American Flag

(Continued From First Page.)

Most of them were cheerful, many were hungry and only few despondent. One of their first questions was "What is going to be done for us when we leave quarantine?" "How can we get money for our children?"

Means to reach their homes were provided today by the United States. That, however, did not solve the problem of many who have resided in Mexico so long that they have no homes or prospects in the United States.

As fast as released from quarantine the refugees will be taken to immigration station here, where they will be listed and furnished with tickets and money sufficient to reach their homes. The railroads it was announced, will charge only half fares for them.

GEO. F. BAER, DIES.

Philadelphia, April 26.—George F. Baer, president of the Philadelphia-Reading Railway, died here tonight.

## RECORD CROWD ON GULF BEACH

EXCURSION BOATS WERE ALMOST CROWDED TO CAPACITY SUNDAY WITH THE PLEASURE SEEKERS—MANY IN THE SURF.

More than eight hundred people patronized excursion boats to Santa Rosa Island yesterday afternoon, and at one time hundreds were on the beach, giving one the impression that the summer season was much farther advanced than it really is. It may be truthfully said that the crowd which went to the island yesterday was record-breaking in size for this early in the season, and many of them enjoyed a wrestle with the rolling surf.

Both the Baldwin and the Cesena were employed to convey the crowds to the great pleasure spot, and there was just enough breeze from the southeast to make all enjoy one of the most pleasant of afternoons.

HOSFORD BEATS PORT ST. JOE

SPECIAL TO THE JOURNAL.

Port St. Joe, April 26.—Good pitching by Noble, coupled with thirteen errors against the locals, gave the Hosford aggregation the game here today by the score of 17 to 4. Assisted by the score it was a long drawn out and uninteresting game. Drake for the locals pitched a good game but had no support. Batteries for Hosford, Noble and Abel; for locals, Drake and Morse.

St. Joe and Hosford are now tied as the locals defeated them by the score of 6 to 0 the first part of the season.

## ALL AMERICANS IN MEXICO CITY IN MOB DANGER

Four Are Reported to Have Been Killed in Streets by Frenzied Greasers, One of Them Member of Baseball Team.

BY ASSOCIATED PRESS.

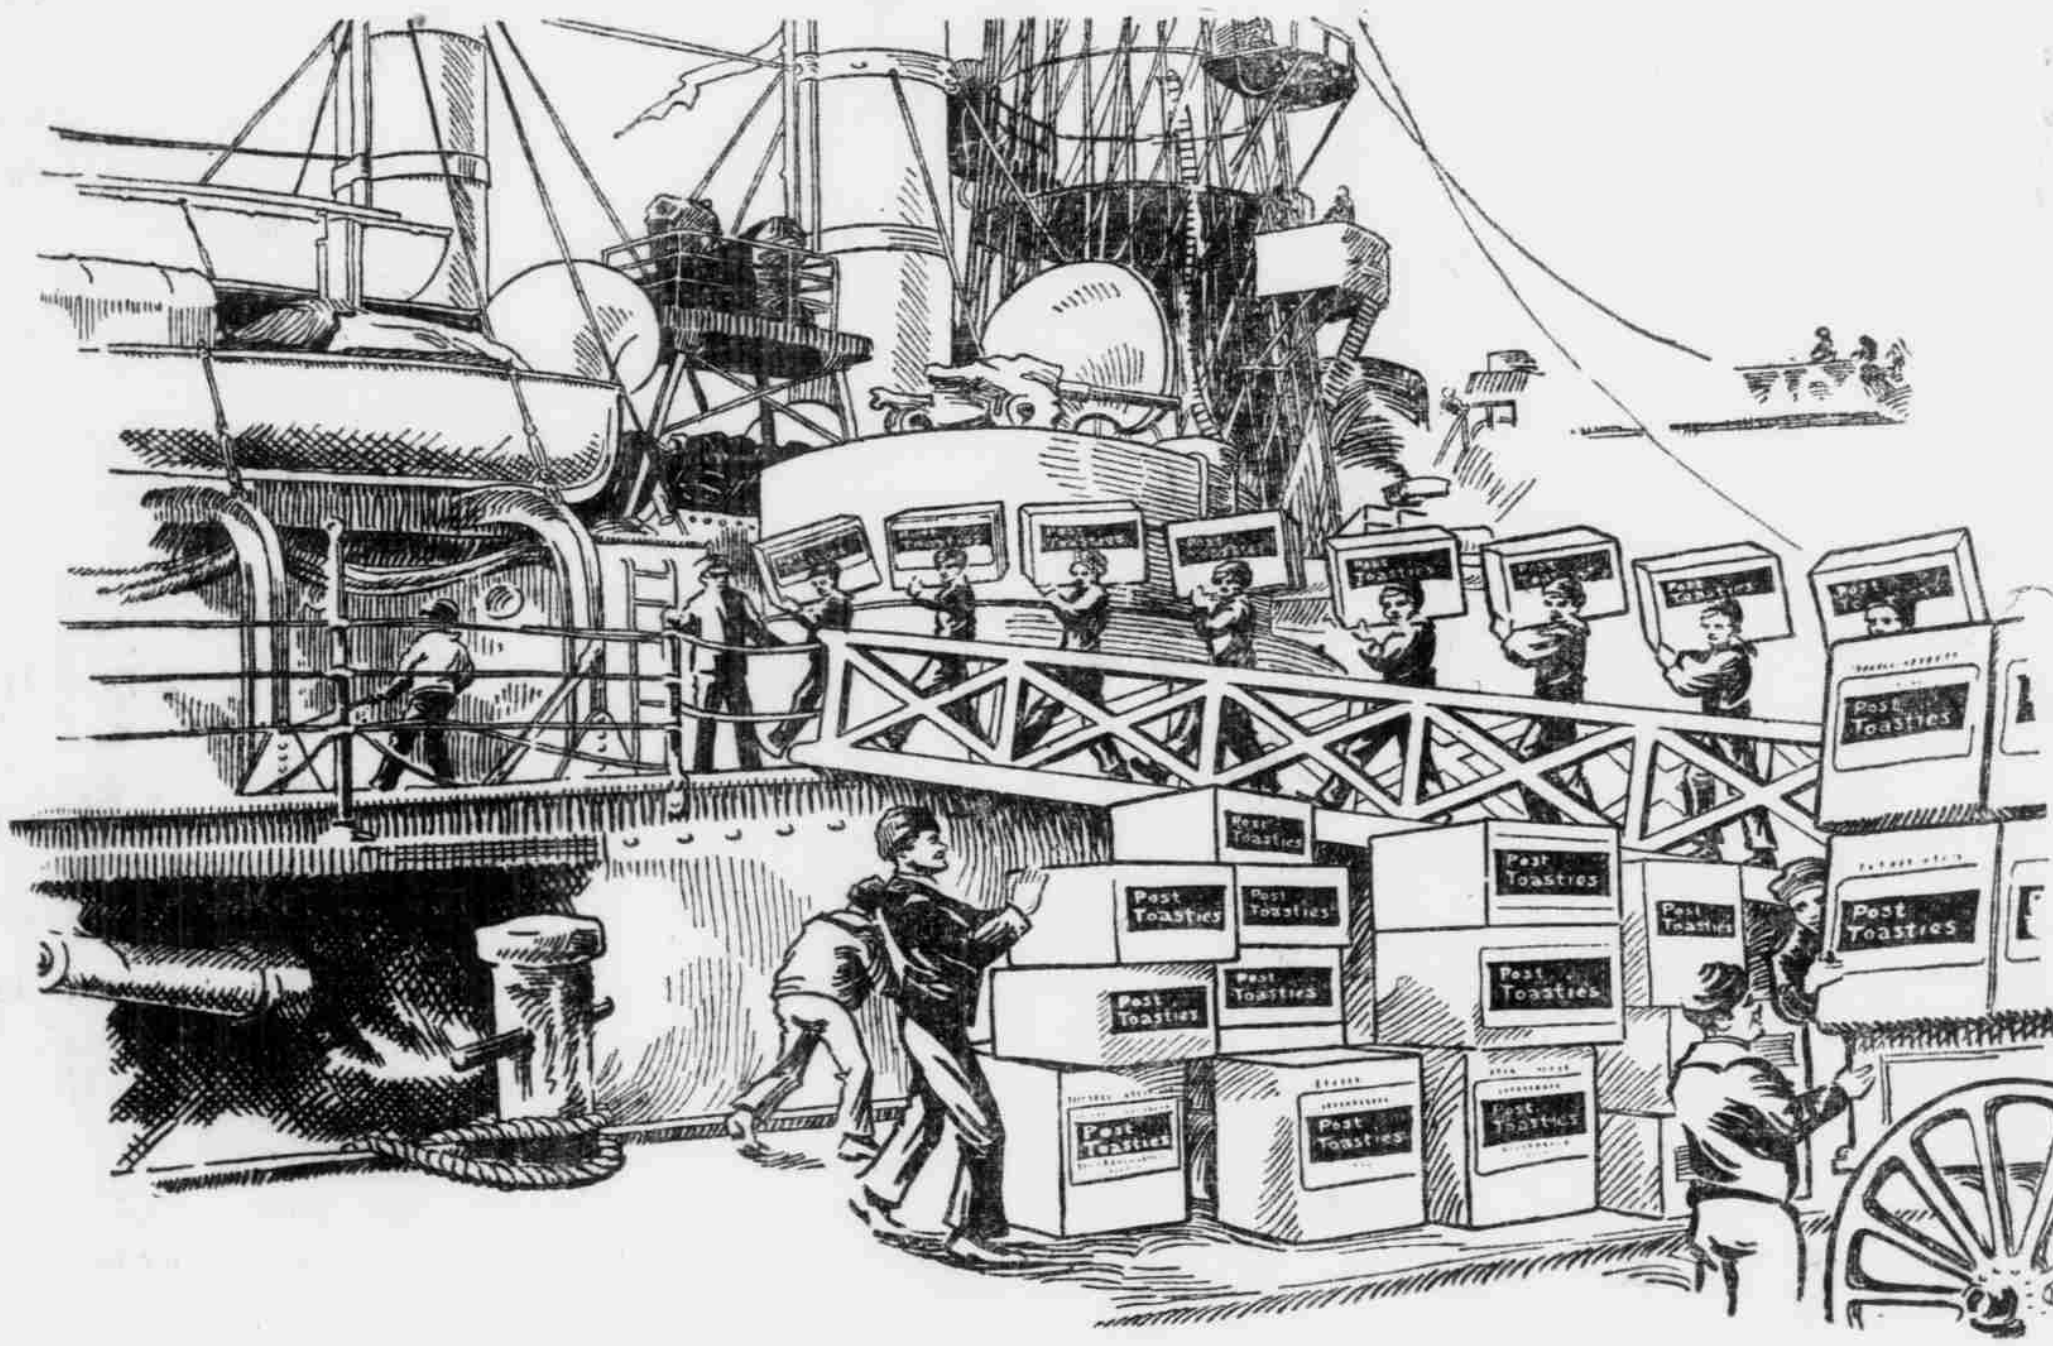

Vera Cruz, April 26.—El Dictamen, a Vera Cruz newspaper yesterday says four Americans have been killed by mobs in Mexico City. It declares it has received this information from the Federal capital.

Three of the American victims were taken out of street cars and killed on the streets, while the fourth was killed in the Young Men's Christian Association building by members of the baseball team to which he belonged, according to El Dictamen, which made its appearance today.

The information as to the massacre of Americans is not confirmed from any other source and is considered doubtful in many quarters.

ANNUAL MEETING OF KAHN FOUNDATION SERVICE

Washington, April 26.—Announcement is made that at the annual meeting of the Kahn foundation for the foreign travel of American teachers, Prof. Thomas Lindsay Blawiey of Rice Institute, Houston, Tex., was appointed a fellow for the year beginning July 1. Appointees receive \$3,000 each to pay the expense of one year in travel and are requested to follow an itinerary circling the globe.

## Electric Service in the Home

has become an essential comfort of our modern life. Without it you deny your family and yourself a convenience that need entail no increase in your household expense and yet will add immeasurably to the healthfulness and comfort of your home. And it will banish the danger of fear of fire and burglar as nothing else can. An electric light brings to you the opportunity to enjoy all those other electric home comforts.

—an electric fan, on hot summer days and nights.

—an electric flatiron, for pressing things upstairs.

—an electric heat-pad, to warm cold beds and comfort aches and pains.

These are the things that electric service offers you—these are many more.
